PHOLARIX

CYBERSECURITY SERVICES

Peace of Mind, Engineered.

Advisory, audit, testing and incident response — under one accountable security partner.

WHO WE ARE

Pholarix is a technology advisory and managed services firm. Our security practice combines strategic leadership with hands-on assessment, testing and response — so you're never coordinating five vendors during an incident.

WHY CHOOSE US

- **One accountable partner across advisory, testing & response**
- **Deep security & technology industry experience**
- **Transparent, fixed-fee engagements**

Engagements available as fixed-fee assessments or ongoing monthly vCISO retainers.
