PHOLARIX

TECHNOLOGY SERVICES

Technology That Works As Hard As You Do.

Advisory, architecture and hands-on delivery — cloud, infrastructure, integration and AI.

WHO WE ARE

Pholarix is a technology advisory and managed services firm. We pair strategic advisory with real architecture and delivery capability — so recommendations turn into working systems, not just reports.

WHY CHOOSE US

- **One accountable partner from strategy to delivery**
- **Rapid value creation, not 12-month strategy documents**
- **Genuinely future-fluent on AI & emerging technology**

Engagements available as fixed-fee projects or ongoing monthly advisory retainers.
